### Match Report

Unfortunately the match in 2018 had to be cancelled due to the course being under about 2ft of snow. A few days before this match Storm Gareth swept across the UK and particularly over the preceding weekend it looked like the course was set to be under 2ft of water this year.

Thankfully though the morning started with lovely blue skies and an ever promising rising sun. All matches were played in the usual superb spirit and win, lose or draw all players enjoyed a round of golf played in the manner it should be.

As the score shows we managed a 3-1 win which is a great start to our season.
