Match Report

As usual we received a very warm welcome to the Army Golf Club (Army GC) for our annual fixture, what was surprising though was the warm weather that accompanied it. In recent years we have played in howling gales, torrential rain and even had to postpone due to snow!

This is always a tough match for us off handicap as the Army GC ladies are a formidable opponent on their home turf. Using a number of development players as well as seasoned team players allowed us to compete on a more level "playing field" though and the result speaks for itself. A superb result from a team who hard to work hard for every hole.

Thanks as always goes to the Army GC ladies for their hospitality and for the club staff who as always provided superb food and service. It should also be noted that despite the appalling weather we have been experiencing of late, the green staff managed to present the course very well even during this time of course maintenance.
